

About Celebrate

Tired of sending virtual icons? Celebrate allows you to send friends real gifts from the Celebrate Sweet Shop.

Celebrate is quick and easy to use. Simply select the gift you wish to send, select a friend, add your message and pay for the gift via Celebrate Gift Tokens. Celebrate Gift Tokens can be purchased through the linked PayPal site from your account and will show on your statement as CELEBRATE TOKENS. Celebrate Gift Tokens are stored for future use. For more information see our [Terms & Conditions](#).

When you have completed your payment, your message is sent to your friend and they will be asked to provide their mobile number. This is so that they can receive a unique Celebrate Voucher ID [in the form of a mobile barcode ID] and details of the gift via SMS text to their mobile.

To collect the gift, your friend just needs to visit a participating PayPoint retailer and show the Celebrate Voucher ID and gift to have them scanned at the PayPoint terminal. To find a local retailer visit [Store Finder](#).
